

I oppose loosening the rules designed to promote and protect diversity of media ownership. These rules were adopted to ensure that the public would receive a diverse range of viewpoints from the media, and not simply the opinions of a handful of media conglomerates.

Media conglomerates already dictate the information the public receives; therefore, our information is dictated by their profit margins and shareholders.

Please allow the American public to continue to receive the small amount of diverse media we do now.

Thank you for allowing the public to speak out on this issue.

We cannot continue to let big business infringe on the rights of American citizens.
